

Dynamics TMS™
Your Source For Microsoft Dynamics
Transportation Software Solutions

The missing link to managing Parcel, LTL, and Truckload shipments with Dynamics ERP

Next Generation Logistics, Inc. is a Microsoft Gold Certified Partner and ISV solutions provider of industry-leading transportation management software (TMS). NGL is capable of delivering robust logistics solutions for users of Dynamics ERP solutions that add greater value and delivers results. From a single user to global enterprise environment, Dynamics TMS® can be deployed on premise or in the cloud.

Dynamics TMS® leverages the Microsoft Technology stack from SQL Server 2008 R2, SQL Reporting Services, Windows 7, to the latest Microsoft WCF/WPF components to enhance the user experience.
